**D**eborah Short, President of Vineyard Homes, believes that people deserve to be pampered in their home. Clients dream of roomy kitchens, or luxurious bedrooms and baths, and Deborah works to make their dreams come true. If clients or their families have special needs, or the desire to be more involved or less involved in their home's design, Vineyard Homes will build to the client's specifications.

Deborah was educated in the Science of Design, and is an accomplished watercolor artist. She supervises the design and building of each home along with her Vineyard Homes Team. The result is a custom home with high quality craftsmanship, in every detail, within the predetermined budget of the client. Her creativity seems endless, and it is constantly evolving to include the newest innovations as well as elegant, luxurious details.

Every Vineyard home has the opportunity to be featured in the bi-annual New Mexico Home Builders Association's Parade of Homes. Each Vineyard Home featured in a Parade receives a framed watercolor

of their home painted by Deborah. For many years, homes built by Vineyard Homes have won awards, such as Gold and Silver overall awards, Best Kitchen and Baths, as well as the coveted Buyers' Choice Awards.

"I look forward to meeting new challenges daily and creating beautiful, efficient, unique custom homes for families to love!" Deborah says.

"We would appreciate your interest in Vineyard Homes, LLC. We are a custom home builder specializing in custom homes built to the owners' design and specifications. We work with our clients through every step of the process. We have a designer/decorator who will assist you with the design process, help with the selection of materials and finishes, and will be there throughout the building process," Deborah says.

"We can start from one of our floor plans or work with you in designing a 3-D plan from scratch that will fit your lifestyle and budget perfectly. Your dreams can come to reality at Vineyard!"
